Dear Mr. Finney:

This letter is to inform you the Division of Water Resources is terminating the above referenced permits effective as of the date of this letter. As stated in your correspondence, operation at the facility located at 1000 Solar Way does not have any dry-weather discharges to the waters of state. If you should decide to discharge again under an individual permit, you must reapply for an NPDES permit at least 180 days prior to any proposed discharge.

If you have questions, please contact the Nashville Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Mr. Jim McAdoo at (615) 532-0684 or by E-mail at Jim.McAdoo@tn.gov.

Sincerely,

Vojin Janjić
